Most chemical SMEs can only claim one or two strengths - some produce, some distribute, some expand locally. But in today's consolidating global industry, where leadership demands the full spectrum of value drivers –

How many chemical SMEs in the World
can truly say **YES** to all of these?

PRODUCTION FACILITIES POWERING A SEAMLESS GLOBAL SUPPLY CHAIN

bioKEMIX operates multiple production facilities worldwide, giving us real manufacturing strength rather than relying only on trading. These sites form the backbone of a seamless global supply chain - ensuring reliability, scale, and consistency for customers across every region.

LEGACY BRANDS, INTEGRATED INTO A MODERN PORTFOLIO

Our portfolio includes decades-old European brands that carry deep trust and recognition in the market. By integrating them into one modern global platform, bioKEMIX preserves their heritage while driving forward innovation and growth.

AN INTEGRATED BUSINESS MODEL NO ONE CAN MATCH

bioKEMIX brings together sourcing, production, repacking, distribution, and logistics under one umbrella. This integrated and unparalleled model sets us apart from traditional distributors or isolated producers, giving customers and partners a one-stop platform unmatched in global chemicals.

CONSISTENT GROWTH POWERED BY STRATEGIC ACQUISITIONS

bioKEMIX has demonstrated consistent growth, expanding organically into new geographies while strengthening our base through strategic acquisitions. Each integration adds new value and capabilities, creating a larger, more competitive platform that continues to deliver results year after year.

ONE GLOBAL TEAM, UNITED FOR GROWTH

Behind every site, brand, and acquisition is a team of people committed to one vision. Our united global team is aligned in ambition, hungry for growth, and working together to build a stronger future across all markets.

TECHNOLOGY, IP & PROVEN QUALITY

Our strength is not just scale but also innovation. Proprietary technology, intellectual property, and rigorous quality systems ensure every product we deliver meets the highest standards of performance, compliance, and trust worldwide.

A Digital Integration of 3 Valuable Verticals of the GLOBAL CHEMICAL INDUSTRY

PART OF THE AURIC EUSINA ECOSYSTEM

bioKEMIX is a core pillar of Auric Eusina - a platform that connects **production, trade, and digital intelligence.**

Within this ecosystem: bioKEMIX Worldwide focuses on chemicals and laboratory solutions; Advanta bioKEMIX Pvt Ltd advances production, refilling, repacking, and quality control; and Chemical.Network powers data-led growth
kemGPT • kemBUYERS • kemAZON • kemQUEST

Together, we scale expertise and reliability across continents.

INFRASTRUCTURE THAT DELIVERS

From our global headquarters in Amsterdam, we operate a robust network: Six, 100% owned production sites across Europe, three partner sites in the United States, three partner sites in India, and a sourcing office in China. This infrastructure provides **the backbone for scale, compliance, and seamless service worldwide.**

Precision in High-Purity Solvent Distillation

German reliability in chemical production.

Only bioKEMIX can offer Made in Germany high-purity products for liquid chromatography. LUC GmbH is a German specialist production company focused on the **purification and distillation of high-purity solvents**, with more than four decades of proven expertise. Established in 1979, the company operates two independent facilities in Meckenheim and Wesel – the only plants of their kind in Germany dedicated exclusively to solvent distillation.

Over the years, LUC has earned a reputation for consistent, **uncompromising quality built on German precision**, advanced equipment, and a highly trained and committed workforce.

Its core activities include the **distillation and purification** of a wide range of solvents, customized solvent mixtures, recovery and clean-up of high-value solvents, resin purification, and the preparation of reagent/water mixtures and special volumetric solutions.

In addition, LUC offers tailored filling services into specialized packaging to meet specific client needs. The company’s facilities are equipped with diverse distillation systems – from stainless steel Sulzer-packed columns to electrically heated vacuum systems with Raschig rings and sieve bottom columns – providing flexibility across solvents such as acetone, toluene, dichloromethane, ethyl acetate, isopropanol, hexane, methanol, and many more.

As part of bioKEMIX, LUC GmbH combines German engineering excellence with a global distribution network. Today, almost the entire output of LUC is dedicated to supplying high-purity solvents for bioKEMIX group companies, while retaining spare capacity to collaborate with external partners seeking reliable, high-purity solvent solutions.

LabScientific

Supplies & Equipment

American strength in laboratory solutions.

Only bioKEMIX can combine International expertise with a strong American base. Lab Scientific, serving the U.S. scientific community since 1988, provides equipment, consumables, and specialized products for histology, nematode, and Drosophila research.

With its facility in Danvers, Massachusetts, Lab Scientific ensures **local availability, fast delivery,**

and **customer-focused service.** Its presence anchors the bioKEMIX ecosystem in the United States, connecting domestic reliability with International resources.

Lab Scientific represents the best of American laboratory tradition, strengthened by global reach. Integrated into the bioKEMIX group, it delivers the consistency and innovation of our worldwide platform while staying deeply connected to U.S. lab needs.

ITEM	DESCRIPTION	U/M
CBL49	Cryovial Boxes, Cardboard - 49 Cell Divider (7x7)	12PK (12PK)
CS-2860M	Cardboard Cryogenic Box - 15ml and 50ml Box and Lid	10/Pack (10/Pk)
H-7787F	Premium Microscope Slides - Single Frosted 3 x 2" Slides, 72/box	Gross/ 2Boxes (Gross /2Boxes)
TR-4W-A	Four-Way Microtube Rack - 4-Way Tube Racks, assorted colors	5 PK (5 PK)
030-1	Gram Stain Slides - Printer Gram Slides (2 boxes)	Per Gross (Per Gross)
057-2	Shandon Cyto-Spin one well/Poly-L-Lysine	1 Gross (1 Gross)
057-3	Shandon Cyto-Spin one well/Silane	Gross (Gross)
058-2	Shandon Cyto-Spin two well/Poly-L-Lysine. Per gross (2)	Each (ea)
062-1	Cyto-Spin, Stat-Spin,Cytofuge2/uncoated	Gross (Gross)
062-2	Cyto Spin Slides 72 Slides	Pack (PK)
10-0151	Centrifuge Tubes (Plug-seal Cap) - 15ml, Rack Pack	50 Tubes/rack, 500 Tubes/case (50Tubes)
10-0151-Case	Centrifuge Tubes (Plug-seal Cap) - 15ml, Rack Pack (50 tubes/rack, 500 tubes/case	Case/500 (Case/500)
1188	Jersey-Cote (a Sigmacote Replacement) *Includes SDS and Memo with Packing Slip*	100mL (100mL)

1189	Jersey-Cote (a Sigmacote Replacement) *Includes SDS and Memo with Packing Slip*	5 x 100mL (5 x 100mL)

Park Scientific

Research & Fine Chemical

UK strength in research and fine chemicals.

Only bioKEMIX can combine **production strength with export reach**. Park Scientific, serving science since 1981, produces and packages chemicals for the UK market and for international government and institutional tenders.

Its portfolio spans reagents, starting materials, and organic products, supporting both advanced research and industrial applications.

Park Scientific is also a key supplier to the institutional market, providing schools, universities, and research centers - particularly across the African continent - with reliable access to laboratory chemicals.

Integrated into the bioKEMIX group, Park Scientific benefits from the scale and efficiency of a global supply chain while maintaining its reputation for **responsiveness and reliability**. It represents the UK's scientific tradition, scaled to meet international demand.

Only bioKEMIX can deliver purity at scale.

Actu-All, serving science since 2011, is one of the **fastest-growing chemical companies** in the Netherlands, offering a unique range of specialized analytical standard solutions, tailor-made formulations, ready-to-use solutions, and a strong focus on water chemistry.

With two production sites, three owned warehouses, and three external warehouses, Actu-All combines **manufacturing strength with logistical reach**. Its role as a leading supplier of laboratory chemicals in the Netherlands makes it a cornerstone of the Benelux market.

Nobody covers Benelux like Actu-All does.

The “Again” in our tagline reflects a **commitment to sustainability and the environment**. By recycling solvents and rethinking processes, Actu-All ensures that precision chemistry also means responsibility; caring for resources and reducing waste across every part of the value chain.

Integrated into the bioKEMIX group, Actu-All pairs Dutch innovation with global distribution, ensuring that customers benefit from both specialized local expertise and the scale of an international network.

Brunschwig Chemie

WE DELIVER!

Integrated Chemical Supply and Logistics

Heritage and reach in specialty chemicals and lab supply.

Only bioKEMIX can combine legacy with breadth. Brunschwig Chemie BV, founded in 1935 and headquartered in Amsterdam, is a long-established partner in the European chemical sector. Over the decades, the company has developed into a **full-service provider**, combining chemical supply with tailored logistics solutions.

Brunschwig serves multiple markets: Laboratory chemicals, hazardous substance distribution, and specialized chemical production. The company is ISO 9001-2015 certified, and holds several REACH registrations; offers excellence in inventory, storage & dangerous goods logistics.

LOGISTICS DIVISION

Plays a central role, offering warehousing, handling, and supply chain services for both European and non-European companies. By holding inventory and distributing products on their behalf, Brunschwig ensures reliable access to the European market for a wide range of chemical and hazardous materials.

SPECIALTY CHEMICALS DIVISION

Dedicated to sourcing and supplying production and fine chemicals.

LABORATORY CHEMICALS DIVISION

Delivers an extensive portfolio of chemicals and biologicals for laboratories, research, and industrial use.

BIOCLEANERS DIVISION

Reflects Brunschwig's commitment to innovation and sustainability, offering advanced biological cleaning solutions for professional cleaning and maintenance applications.

With its broad capabilities, regulatory compliance, and long-standing expertise, Brunschwig Chemie provides dependable chemical supply and distribution solutions to customers worldwide.

The only laboratory web shop of its kind in the Netherlands.

Only bioKEMIX can take a proven one-stop shop and give it global reach. InstruLabo, serving science since 1972, is the Netherlands’ only dedicated laboratory web shop, now expanding into other European markets under the bioKEMIX umbrella.

Offering packaging materials, glassware, chemicals, reagents, and comprehensive laboratory solutions, InstruLabo makes

laboratory procurement simple, reliable, and efficient. Its long-standing reputation for service and accessibility has made it the trusted partner for researchers, institutions, and industry in the Netherlands — and now, increasingly, across Europe.

Integrated into the bioKEMIX group, InstruLabo connects digital convenience with international sourcing and logistics, ensuring that what started as a unique Dutch web shop is now growing into a global platform for laboratory solutions.

Bringing bioKEMIX brands to Turkey and beyond.

Only bioKEMIX can extend European quality into new markets with local strength. KEM Türkiye establishes a direct presence for bioKEMIX brands in Turkey, ensuring that the country's scientific community — and those in surrounding regions — have access to **our trusted products**.

Through a dedicated warehousing and logistics facility, KEM Türkiye delivers European-quality

products with **reliable service and accessible value**. Customers benefit from a broad portfolio of laboratory chemicals, reagents, consumables, and equipment — all backed by the strength of bioKEMIX's heritage.

KEM Türkiye **reinforces** our strategy of being **global in nature, local in flavor** — combining international reliability with local accessibility.

COMING SOON

(Incorporation - Q4 2025)

bioKEMIX UAE

Expanding into the GCC with local presence.

Only bioKEMIX can bring its global ecosystem directly into the GCC. bioKEMIX is in the process of establishing its presence in Dubai, UAE, through **warehousing and logistics** facilities that will serve the UAE and the wider Middle East.

This step strengthens our role as a **reliable partner** to the region’s scientific and industrial community, ensuring that European-quality products and services are available locally.
